

## Freedom High School Athletic Department

Dear Parent/Guardian:

The Athletic Department would like to thank you for allowing your son/daughter to try-out for our sports at Freedom High School (FHS). We feel that playing athletics at FHS is a privilege. In order to participate, the FHSAA & OCPS has several requirements that must be met. The requirements are listed below:

1. The first requirement is that your son/daughter has to live in our school district zone.
2. Each participant must meet the academic requirements of a minimum 2.0 unweighted GPA.
3. Each participant must have a OCPS Sports Physical Packet completed and be cleared to participate in sports by a certified physician on the EL@ FHSAA form and must be on file with our Athletic Training Department. Any incoming freshmen or first time sports participant must provide the Athletic Director with a copy of his/her birth certificate.

In the same respect, each participant will be evaluated by the coaching staff with the best skilled level athletes selected per the number allowed by the FHSAA Roster limit. The Freedom High School Athletic Department does not have guaranteed positions. Try-outs and practice time during the season will be closed to all parents, guardians and spectators. The coaching staff at FHS is committed to choosing the best players only!

The Athletic Department asked that all parents and guardians respect the integrity and discretion of the coaching staff's final selections. No parent or guardian should confront a coach at practice or games at any time. If you have a concern, we ask that you contact the Athletic Director during school hours of 7:20AM- 2:30 PM.

Thank you for your support of Freedom High School Athletics.

Roy Peters  
Athletic Director  
Freedom High School
